

CTA 2021 AGM Tour Coordinators Report – Connie van den Ende

We had three multi day rides:

1. Serpentine Full pannier Tour

Two days riding 90km through the back roads to and from Serpentine Falls caravan park. This was led by Randell which was his first tour to organize and lead. It was well attended without mishap.

2. Kep-ing or Road-ing to Northam

Two days riding of 170km to Northam and back along the back roads or the Kep track. It had been raining so the track was wet and muddy. One person had Jockey wheel problems at Chidlow, he was picked up and driven to Northam. Most people stayed at the Dukes hotel and after a good dinner and sleep rode back to Midland

3. Retirees Spoke Tour Busselton

This tour was organized and led by Rita Miller. The location for accommodation was RAC Busselton Holiday Park. This allowed people to settle in one location and enjoy the daily rides. There was good attendance of 70 people, and a good variety of rides for the leisurely, moderate and faster riders. Club members were asked to volunteer for ride leading and there were more than enough to have four different rides each day. Some were happy to bring their kayaks and some brought their mountain bikes and volunteer to lead these activities. There were evening activities and dinner on the Friday night at the Ships Inn.

All tours were well attended and enjoyed by all. Everyone kept safe.
