

CTA 2023 AGM Ride Coordinator Report – Connie Van DenEnde

Excellent attendance at all Wednesday and Sunday rides with 15 to twenty riders participating at each ride. We have held 104 rides during the year as well as the night rides, with occasional Friday Mountain biking which equates to approximately 5,700 kms ridden.

No major mishaps, however a few minor falls from mountain bikes.

There is a core group of members who lead rides and I'm always grateful for them doing so. Rides have been led in Mandurah, in the northern suburbs and east into the hills. We have been everywhere in and around Perth. We have discovered new routes and cafes.

I'm stepping down from this role of Rides Coordinator and I would like to thank everyone for their support.
