

CTA 2023 RIDE LEADERS REPORT

Thank you to everyone who led a ride last year, especially those who lead several. CTA only exists because of you!. Especial thanks to those who led overnight tours. Number of ride attendees has been high, especially on Wednesdays. I would encourage anyone who hasn't led a ride to consider it. The ride doesn't need to break you new ground; it is fine to do one old faithful like round the rivers. Just think about where you enjoy riding and take a group of friends along!
