

On Your Bike (OYB) E-Bike Application Form

The number of E-Bikes that can be taken on tour will be limited due to the availability of general support and overnight charging facilities to ensure batteries remain outdoors while being charged. All participants need to be capable and self sufficient for the normal rigours of OYB cycle touring, including camping etc.

Participants wishing to use an E-Bike on the 2024 OYB Tour must submit the following application, in conjunction with your Participant Entry Form, and have it approved prior to making payment.

Please mark Y or N for the following boxes and answer the questions:
