**DAY ONE**

**Saturday 23rd October**

Perth to Wandering by bus 120km  
Wandering to Boddington by bicycle 32km

For those catching the special bus from Perth meet at 9.00am for a 10.00am departure. After lunch at Wandering we set out for an interesting and undulating ride along quiet back roads to Boddington where we will be staying at the Football Oval just out of the main town site. This charming township is situated at the confluence of the Bannister and Hotham Rivers which in turn join the Williams River to become the famous Murray River. Bushwalking and canoeing sites abound.

**DAY TWO**

**Sunday 24th of October**

Boddington to Williams 67km

A delightful day's ride heading along the Quindanning-Williams Road through the rugged scarp country of the South West of the Boddington Shire. Lunch will be near the Williams River just past the Quindanning Hotel. Our stopover is at the Williams Football Club situated next to the swimming pool on the outskirts of town.

**DAY THREE**

**Monday 25th October**

Williams to Darkan 44km

After leaving Williams we turn towards Darkan through undulating farmland. We pass through Colbin Siding and eagerly await the lunch stop with a view of the surrounding hills and valleys. Further travel brings us to the town of Darkan where we head down Memorial Drive to reach the football oval and home for the next two nights.

**DAY FOUR**

**Tuesday 26th October**

Rest day in Darkan

The first of our rest days can be used to discover the magic of this area with tours through a boronia reserve

(complete with native animals); rides to surrounding historical sites such as slab and stone cottages; or a stroll through the local craft area with pottery, painting, silversmithing, spinning, leatherwork just some of the handicrafts carried out in this town.

**DAY FIVE**

**Wednesday 27th October**

Darkan to Wagin 59km

We wave farewell to Darkan as we head for Arthur River. Morning tea is at the information bay by the Roadhouse where we can fill up with enough fuel to pedal up hill and down dale to reach the Mount Latham lookout which is about 6km from Wagin. The view from here certainly makes the camera a necessity. An easy ride into Wagin brings us to the site of the largest ram in the Southern Hemisphere - 15metres high! Home for the night is the Sportsground and Rec. Centre.

**DAY SIX**

**Thursday 28th October**

Wagin to Wickiepin 89km

We now commence our return route. After leaving town we head North toward Narrogin which is the largest town in the Central South Region. Although we are not staying at Narrogin, there are many sights worth investigating for the odd half hour or so. The Old Court House Museum and the vintage tractor display may compete with the decadence of a Devonshire Tea! Another couple of hours of vigorous cycling takes us through a magnificent entry of river gum lined roads into the town of Wickiepin where we will stay at the Sporting Complex.

**On Your Bike  
Wandering**

**23rd October - 30th October**

**DAY SEVEN**

**Friday 29th October**

Rest day Wickiepin

A chance to discover the delights of this crossroad for travellers heading towards the Eastern States via Esperance, or South to Albany, or North via Beverley-Narrogin. Taring Brook flows through the centre of the 'tree rich' township and is a delightful spot to picnic. For the more adventurous, a trip to the Albert Facey Homestead will take you back in time to the life of the famous author, when times were hard and life was simple and uncluttered by material possessions. A mini zoo and craft shop can be viewed whilst you enjoy a delicious morning or afternoon tea.

**DAY EIGHT**

**Saturday 30th October**

Wickiepin to Pingelly 56km

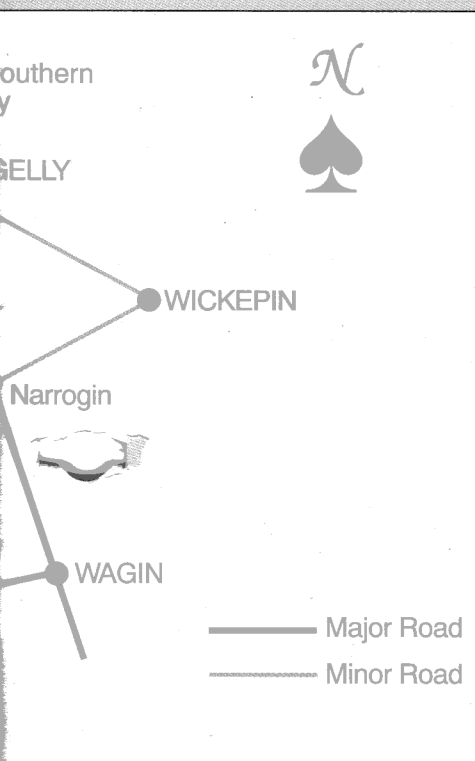

The tree-lined exit takes us in a North Westerly direction toward

# Bike W.A.!

## ing Star

1st October 1993

Pingelly through some of the best cycling country in this region. We stay at the sporting oval which is right next to the cycling velodrome and Olympic swimming pool.

### DAY NINE

**Sunday 31st October**

Pingelly to Wandering 48km

Wandering to Perth 120km

Our last day's ride takes us along quiet back roads to our starting point of Wandering. It's now time to enjoy a farewell meal before saying goodbye to new found friends and returning home to start the planning for next year's tour.

### WHAT WE PROVIDE

A real cyclist's breakfast with plenty of porridge, cereals and toast and your choice of coffee, tea and YES Milo. The Farmer's Porridge is guaranteed to stick to your ribs in anticipation of a hard day's ride. We will provide the makings for toast and a variety of toppings.

- Morning teas during the tour. The chuck wagon will be moseying down to provide multiple cups of Milo, tea or coffee. Fruit in season may be available.
- Evening baked bean fest around the old camp fire for those capable of fitting anything else in after all of the above. We use local township groups as our caterers to provide us with hearty, nutritious 3-course meals. The menu will normally contain a dish of lamb, beef or chicken. There will always be adequate vegetarian dishes or vegetables and salads for those who prefer not to eat meat.
- Back up vehicles which will transport all luggage from camp-site to camp-site, signposting where appropriate, bike mechanics, medical support and a shoulder to cry on at any time of the day. We also provide congratulatory pats on the back for those who have achieved personal firsts in cycling endeavour.
- Identification and luggage tags, route details and map. These will be posted to you with a comprehensive instruction booklet closer to the tour.

- Some commemorative item with suitable design and colours.
- Memories of the best 9 days you will have this year.
- Automatic 6-months membership of the Cycle Touring Association of Western Australia (Inc). This offer only applies to non-members of the CTA who did not ride on last year's tour.

### TRAINING

Cycle regularly on quiet roads before the tour. Try to use the bike and clothing you anticipate using on the trip to ensure you solve any problems before the ride.

During the 6 weeks prior to the event you should ride for at least 50km each weekend and try to complete one or two rides of at least 80km.

There will be an opportunity to ride with some of your fellow tourists on the 26th September. Further details can be obtained from the CTA Newsletter or the contacts given below.

### WHAT YOU NEED TO BRING

1. We recommend that you ride a bicycle with a wide range of gears. Make sure your bicycle is in good mechanical condition and has provision for at least one water bottle. Carry a pump, spare tube, tools, bicycle lock and a good rain jacket.

3. Unbreakable plate, bowl, mug, knife, fork, spoon, tea-towel and torch. These items along with your helmets and toiletry items will need to fit into a duffle or kit bag.
